

Free Trial of Award-Winning TrueSpeed™!

Major service providers around the world are using this innovative test solution to eliminate finger-pointing when customers complain of poor throughput. With this free 15-day trial*, you can now benefit from this award-winning functionality as well. TrueSpeed, an RFC 6349-based TCP throughput test, lets service providers experience their network like their customers do and bridges the testing gap between user applications such as Facebook or FTP and transport circuits. TrueSpeed is a fast, automated test that removes guesswork and can be run in less than 5 minutes. Try it now at no cost and solve those tough, expensive throughput problems!

To learn more about this exciting offer or to purchase TrueSpeed after the free trial, contact your local Viavi Solutions™ representative or visit www.viavisolutions.com/go/TrueSpeed.

*The free 15-day trial starts when the test set is first powered on.
