

Save Money and Time

Save 30% on SmartClass™ TPS packages and cut test time in half with OneCheck™

Limit complexity with one-button testing and troubleshooting for IPTV, VoIP, and broadband ADSL/VDSL services. The JDSU OneCheck application for SmartClass Triple-Play Services (TPS) instantly reports all key quality metrics; automates xDSL, data, VoIP, and video testing with clear pass/fail results; and cuts total test times in half.

The SmartClass TPS test instrument helps field technicians quickly install and repair triple-play and broadband ADSL/VDSL services, such as VoIP and IPTV because it:

- **reduces truck rolls and repeat faults and improves QoS/QoE** with an easy-to-use, all-in-one tool that fully tests the access network (ADSL2+/VDSL2 and optionally bonded pairs, copper, POTS, and fiber) and triple-play broadband services and quickly correlates triple-play service problems to their potential physical-layer causes for faster resolution.
- **doubles technician productivity** with fully automated single-button-push pass/fail testing applications:
 - **OneCheck accelerates testing** with automated triple-play and ADSL/VDSL tests and also reports all key quality metrics, reducing training, ramp-up time, and field testing.
 - **VideoCheck easily tests the availability and quality** of all video channels at unprecedented speed.
 - **CableCheck simplifies copper testing** and includes balance testing and good ground-check capabilities.

For more information about SmartClass TPS, visit our website. Contact your JDSU representative today to place your order.

SmartClass TPS video and triple-play silver and gold packages are discounted until the end of June 2013.

SCTP-V-P8 Web and Video Silver Package

Catalog Number	Oracle Number	Description
CSC-TPSV	21121560-002	ADSL2+/VDSL2 mainframe
SCTP-WEB	21133287	Web browser software option
SCTP-IPVIDEO	21133297	IP video software option
SCTP-VMOS	21133298	VMOS software option
CB-262234	21126234	Universal AC power adapter
CB-RJ45-RTC2	21157963-001	RJ45 DSL to TECOCLIPS (2) cable
CB-016994	40-016994	CAT-5 cable shielded RJ45
SCTP-USB	21134350	USB memory stick with firmware and user guide
4562/00.53	4562-8400.539	Neck strap

SCTPC-V-P8 Web and Video Gold Package

CSC-TPSV-CU	21121560-002	ADSL2+/VDSL2, copper mainframe
SCTP-WEB	21133287	Web browser software option
SCTP-IPVIDEO	21133297	IP video software option
SCTP-VMOS	21133298	VMOS software option
CB-262234	21126234	Universal AC power adapter
CB-RJ45-RTC2	21157963-001	RJ45 DSL to TECOCLIPS (2) cable
CB-016994	40-016994	CAT-5 cable shielded RJ45
SCDVOMTELCOCLIPS	21102804-001	DVOM test leads T/A, R/B, G/Earth
SCTP-USB	21134350	USB memory stick with firmware and user guide
4562/00.53	4562-8400.539	Neck strap
CC-120101 (B2B)	2114829	Carrying case (SmartClass and HST family)

SCTP-V-P11 Triple-Play Silver Package

CSC-TPSV	21121560-002	ADSL2+/VDSL2
