

Upgrade your DSAM to DOCSIS 3.0[®] today

JDSU provides a wide variety of flexible upgrade options for your DSAM platform to support your DOCSIS 3.0 testing needs, including factory and on-site upgrades as well as a trade-in program.

To keep pace with ever-changing DOCSIS testing requirements, JDSU has upgraded the cable modem chipset used in the DSAM platform to the full DOCSIS 3.0 "Gold" compliant 8 downstream x 4 upstream solution chipset of today. Along with the new chipset, we have developed more advanced digital testing tools and performance enhancements for the DSAM^{XT} platform.

You can upgrade and future-proof your DSAM with the DOCSIS 3.0 and XT hardware platform today.

On-site Upgrade Service:

- Reduces costly technician downtime
- Eliminates shipping costs
- Lessens equipment management hassles

Upgrade your DSAM to DOCSIS 3.0 today

Determine your optimal upgrade option

| What customers have today | New DOCSIS 3.0 Model | XT Upgrade | Modem Upgrade Only | XT and Modem Upgrade Combined |
|---------------------------|----------------------|----------------|--------------------|-------------------------------|
| DOCSIS 1.0/1.1 | Best Option | Not an Option | Option | Not an Option |
| DOCSIS 2.0 XT | Option | Not Applicable | Best Option | Not Applicable |
| DOCSIS 2.0 non-XT | Option | Option | Option | Best Option |

Why Upgrade to DSAM^{XT} DOCSIS 3.0?

- Conduct full DOCSIS 3.0 performance testing
- Perform 8 downstream x 4 upstream bonded carrier testing
- Troubleshoot digital QAM carriers
- Find Return Path Ingress
- Verify service quality
- Home Certification™ reports
- Legacy testing of DOCSIS 1.X and 2.0
- Non-invasive forward and reverse sweeping
- Test digital and analog video
- Ethernet testing of customers' service

The DOCSIS 3.0 upgrade service is part of the JDSU PLUS™ Services Portfolio. PLUS Services can resolve your operational challenges and advance your adoption of new technologies to improve effectiveness and efficiency so you can provide more value to your customers and stakeholders.
