

SYSTEM SOFTWARE MAINTENANCE AND SUPPORT SERVICES

TeraVM RIC TEST

These Standard 8x5 System Software Maintenance and Support Service terms and conditions ("Terms and Conditions") apply to any quote, order, order acknowledgment, and invoice, and any sale or provision of Standard TeraVM RIC TEST System Software Maintenance and Support Services as defined herein provided to Customer by Viavi Solutions Inc. ("Viavi"), in addition to Viavi's General Terms ("General Terms") and/or Software License Terms, which are incorporated by reference herein and are either attached hereto, available at www.viavisolutions.com/terms or available upon request.

1. PURPOSE AND SCOPE

These Terms and Conditions describe the Services that Viavi will provide to, and perform for, Customer. These Terms and Conditions apply to Services for standard Software, as defined herein, and are limited to the System configuration specified in the ordering document (i.e., a quote, order, order acknowledgment or invoice) which contains a description of the System. All Services and Documentation shall be provided in English.

If Viavi performs any services outside the scope of the Services — including, but not limited to, services requested by Customer in accordance with Section 4 i) (Out-Of-Scope Errors) or services required due to actions or events listed in Section 6 c) SUIIS Exclusions and Limitations) of these Terms and Conditions — such services will be rendered at Customer's additional expense under a separate SOW; provided, however, that Viavi shall not be obligated to perform any services outside the scope of the applicable Services. Viavi's obligation under these Terms and Conditions shall solely be to undertake the agreed Services activities and not to achieve certain technical, economic, or other results.

The Services shall be governed by these Terms and Conditions, including any Annexes and Exhibits hereto, the quotation sent to Customer by Viavi ("Quotation"), General Terms and any valid Statement of Work ("SOW"), if applicable, between the parties. These documents comprise the entire agreement between Customer and Viavi with respect to Services for the Software or Systems supported by Viavi. In case of conflict, the order of precedence is as follows: these Terms and Conditions, the General Terms, any SOW between the parties, and the Quotation.

a) TECHNICAL SUPPORT SERVICES INCLUDE:

- Case management of Problem Reports from initiation to closure. An individual case will be assigned to each customer Problem Report with status documented, tracked and updated through closure.
- Remote problem diagnostics, troubleshooting and repair via telephone, the web and/or remote access;
- Software troubleshooting and repair as needed, (if a problem is determined to be caused by a Software problem and Viavi determines that it can't be resolved remotely, Viavi may perform technical support services on-site, if required and agreed upon by the parties);
- Troubleshooting up to isolation only of faulty hardware;

- Operational reviews based on the type of service level commitment purchased by Customer.

b) **VIAVI CONTACT**

Technical Support is available to Customer through a Services contact number and the Services web interface.

c) **LOGGING A TECHNICAL SUPPORT CASE**

After Customer has logged a Problem Report, Viavi will assign an FAE to the case. The FAE will be the primary Viavi person responsible for providing and coordinating the Technical Support services to Customer. The FAE will

- Receive the initial Problem Report via telephone or Online Problem Report Logging tool;
- Respond to the Customer Contact according to Response Time Criteria, described in Section 4d) Service Level;
- Determine the necessary routing to resolve the problem;
- Interact with various system experts and specialists within Viavi and third parties as necessary, and manage the case until final problem resolution;
- Escalate the case according to the Viavi escalation process, as described below under Section 4h) - Escalation Management.

d) **SERVICE LEVEL: Technical Support Availability and Response Times**

Coverage hours are listed in the time zone of the Customer's designated site. In the case where a System has no Customer designated site, the time zone shall be the time zone of the Customer Contact.

The Customer Contact may log a case either:

- using the Viavi Wireless Problem Reporting Portal <https://portal.viavisolutions.com/wirelessupport> twenty-four (24) hours a day, or by telephone during Business Hours; or
- via email. Local support contact information can be found at <https://www.viavisolutions.com/en-us/services-and-support/support/customer-service>.

Customer shall inform Viavi of the issue by providing the information required that will assist Viavi with problem isolation and determination as to whether this issue is a Defect, based on which Viavi will assign to the Defect a Severity Level. Viavi reserves the right to downgrade at any time the assigned Severity Level (i) if the Defect is determined to be less severe than originally reported; (ii) as Viavi provides solutions to reduce the impact of the Defect; or (iii) if Viavi is unable to effectively provide Technical Support due to Customer's failure to provide cooperation reasonably requested by Viavi.

Viavi will use commercially reasonable efforts to respond to Customer within the time frames in the Exhibit to these Terms and Conditions in time zone of the Customer contact. Viavi's Response, restoration, and resolution times for Software are as set out below. Such times shall constitute targets only.

Restoration and resolution intervals for Software issues in 75% of cases are defined in the Exhibit to these Terms and Conditions.

Viavi will record delays. The cases below will not be counted in elapsed time:

- Excessive delay in testing or deploying a proposed solution due to Customer resource constraints.
- Customer delay in supplying sufficient information to commence or continue problem resolution.
- Not being able to access the Customer's System to resolve a problem, either on-site or remotely.
- If, with the Customer's agreement
 - (1) a fix is deferred to a later patch or Software Release; or
 - (2) a temporary fix is in place, the time to deliver the permanent fix is not included.

e) **PROCEDURE FOR OBTAINING TECHNICAL SUPPORT ("Logging a Case")**

To obtain technical support as referenced in this Section 4 from Viavi, Customer is responsible for complying with the following procedure:

- Customer's System user finds a System-related problem and reports it to the Customer Contact.
- Customer Contact takes ownership of the problem and attempts to find a timely solution, identifies the nature of the problem, including eliminating customer network and non-Viavi hardware as a possible problem cause, reproduces the error if possible and document the steps needed to do so.
- If Customer Contact is unable to resolve the problem, Customer Contact activates technical support by logging a case, using one of the Viavi Contact procedures described above to provide the System Handle, events that led up to the problem, the problem description, and Customer's assessment of business impact of the problem.
- Customer Contact describes to the FAE the parameters, procedures and conditions resulting from the problem in sufficient detail to permit the FAE to isolate the cause of the problem, and commits appropriate resources to help isolating the problem.
- Customer Contact provides the FAE with all data files, database rules and other software, together with remote access and (if Viavi requires) on-site access, reasonably believed necessary by the FAE to reproduce and analyze the problem. If the problem cannot be reproduced, no further action will be taken by Viavi.

f) **SYSTEM REMOTE ACCESS**

Customer agrees to provide Viavi high speed remote access to the System by a VPN or SSH-Internet connection as the basic high-speed remote connection including SecureShell, GUI transfer, File transfer and on-site, when necessary. Viavi reserves the right to increase Services costs or refuse to provide Services in the event that Customer fails to provide high speed remote access to the System in a timely manner and fails to do so prior to System installation. Customer's inability to provide high speed remote access may impact Viavi's ability to effectively troubleshoot and resolve Customer issues in a timely and efficient manner.

g) **OPERATIONAL REVIEWS**

Viavi and Customer will evaluate any open cases and/or the performance of the system at mutually agreed upon intervals. During these meetings, discussion topics may include: Case data and statistics, enhancement requests, corrective action, potential solutions and escalation distribution lists. Viavi will document and distribute meeting minutes and action items will be assigned to designated owners.

h) **ESCALATION MANAGEMENT**

Escalation management is a process used to address persistent or difficult problems. The escalation management process will be initiated if there is no significant progress in the problem resolution after 10 business days for Emergency Problems and 15 business days for Major problems. Viavi will communicate to Customer the agreed action plan used as a guide for resolving the technical problem.

i) **OUT-OF-SCOPE ERRORS**

If Viavi believes that an error reported by Customer may not be due to a Defect or is otherwise outside the scope of the Services, Viavi will so notify the Customer, who may then either (i) instruct Viavi to proceed with services regarding said error at Customer's expense; or (ii) advise Viavi that Customer does not wish the error pursued, in which case Viavi may at its sole discretion, close the case and not to pursue the error without any further liability or obligation.

5. **SOFTWARE UPDATE SUBSCRIPTION (SUS)**

Software Updates will be made available as Viavi deems necessary and appropriate. Viavi may make available Software Updates in such form and format and on such media as Viavi, in its discretion, deems appropriate. Viavi is under no obligation to develop any future programs, enhancements or functionality and reserves the right not to create any Software Updates. While Viavi may market new versions of the Software as Software Releases or new products for additional consideration, nothing herein shall obligate Viavi to make available, or entitle Customer to receive, any Software Releases and/or new products. Customer may use Software Updates only to update or replace previous versions. Software Updates are covered by these Terms and Conditions, but, without limiting Section 10 c), (Disclaimer) of these Terms and Conditions, are not covered by the warranties applicable to the updated Software. Notwithstanding the foregoing, Customer's use of any Software Updates shall be subject to the infringement indemnity provisions of General Terms, and Customer's use of the Software Updates shall additionally be subject to all license limitations and restrictions contained in the Software License Terms and General Terms applicable to the updated Software. Viavi owns, retains and reserves ownership, title, and all rights and interest, including, but not limited to, all Proprietary Rights in and to the Software Updates, subject only to the limited rights

that Viavi expressly grants herein. Without limiting the foregoing, Customer acknowledges that nothing herein shall constitute a sale of any Software Updates (or any Intellectual Property in and to Software Updates) including any copies and portions thereof.

a) **SOFTWARE UPDATE SUBSCRIPTION SERVICES MAY INCLUDE:**

- Functionality enhancements and performance improvements for Software options that Viavi has licensed the Customer to use. This does not include any new or additional Software functionality, applications or user licenses that are not covered by the Customer's existing license.
- Formal Defect fixes as required to resolve operating and other Defects in Software.

Software Updates will be made if and when available as Viavi deems necessary and appropriate.

b) **NOTIFICATION**

Viavi will notify Customer as Software Updates become available.

6. SOFTWARE UPDATE IMPLEMENTATION SERVICES (SUIS)

The majority of Viavi systems products are engineered to allow self-installation of software Updates with no assistance required from Viavi. For these products no specific Update installation services will be provided, but standard troubleshooting and diagnostic support are available for any update installation-related questions. For products which do not support software Update self-installation or for isolated test purposes, Viavi will provide SUIS to address all of the activities necessary to plan, install, test and document installation of software Updates. SUIS are provided by Viavi in coordination with Customer Contact based on an implementation schedule defined and agreed between the parties.

a) **DELIVERABLES**

- Viavi will perform the Software Update in coordination with Customer. FAE will perform a System hardware and Software assessment prior to all Software Updates and will identify pre-requisite hardware and software. Viavi will notify Customer, in writing, if the assessment indicates that Customer is required to acquire additional hardware or software licenses.
- FAE will conduct and document a System operability assessment prior to installation of Software Updates. This assessment will be used as a post-update operability benchmark to ensure the Software Update did not negatively impact the System.
- Viavi will develop a plan for each Software Update based on Customer's System configuration and operational requirements. This plan will be documented in a detailed Method of Procedure (MoP). The MoP will provide a detailed description of the Software Update process, System requirements, Customer and Viavi roles and responsibilities, schedule, System impacts, known issues with the Software Update or process, and post update System verification tests.
- Viavi will perform the Software Update in coordination with Customer and according to the agreed upon MoP.
- SUIS shall be performed remotely or on-site at Viavi's discretion, during standard Business Hours. If Customer requests Viavi to perform SUIS during alternative hours, this will be charged at Viavi's then current rate unless mutually agreed to otherwise.
- Upon completion of the installation process, Viavi will coordinate with Customer to execute the agreed upon Viavi defined verification test and will perform and document a software configuration audit and operability assessment and provide these to Customer.

b) **SUIS CUSTOMER RESPONSIBILITIES**

Customer will:

- Acquire and install any additional hardware or software identified during the assessment.
- Permit access to the System for Software Update activities to be performed.
- Provide remote access, if necessary.

c) **SUIS EXCLUSIONS AND LIMITATIONS**

SUIS DOES NOT INCLUDE:

- New hardware or hardware installation or the installation of new software or applications that are not already part of the Customer's existing System or installation of applications developed by the Customer for the System.
- Installation of Customer software scripts and customized software.

Termination shall not affect (i) Customer's obligations to pay for Services already performed before Viavi receives Customer's request to cure; or (ii) any other obligations of Customer under these Terms and Conditions. THE REMEDIES EXPRESSLY PROVIDED IN THIS SECTION 10 B) (EXCLUSIVE REMEDY) WILL BE CUSTOMER'S SOLE AND EXCLUSIVE REMEDIES AND SHALL BE IN LIEU OF ANY OTHER RIGHTS OR REMEDIES CUSTOMER MAY HAVE AGAINST VIAVI WITH RESPECT TO A NON-CONFORMANCE OF THE SERVICES.
- c) **DISCLAIMER**
EXCEPT AS SPECIFIED IN SECTION 10 A), ABOVE, (LIMITED WARRANTY) VIAVI MAKES NO EXPRESS REPRESENTATIONS OR WARRANTIES WITH REGARD TO ANY SERVICES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, VIAVI DISCLAIMS ALL IMPLIED WARRANTIES, CONDITIONS, AND REPRESENTATIONS INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OR CONDITIONS OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT, REGARDLESS OF THE LEGAL THEORY ON WHICH SUCH IMPLIED WARRANTY, CONDITION OR REPRESENTATION MAY BE BASED, INCLUDING, WITHOUT LIMITATION, CONTRACT, COURSE OF DEALING, USAGE, OR TRADE PRACTICE. Additional fees may apply if Customer allows the Services to lapse and wishes to restart such Software Maintenance Services at some future date.

All technical support cases will be closed, except "Critical" cases submitted before the expiration of the then-current Software Maintenance Period on which Viavi, at Viavi's discretion, will continue to work towards resolution.
- e) Customer may reinstate lapsed Services by paying all missed fees in arrears, plus any payment as determined by Viavi or, that Viavi requires, to update Customer installation to current Software Release.
- f) Unless Viavi validly terminates the Services for cause due to Customer's material breach of these Terms and Conditions, or such Services automatically terminate in accordance with Section 11 c) of these Terms and Conditions, Customer shall be entitled to receive a proportionate credit equal to any prepaid fees applicable to the terminated portion of the then-current Software Maintenance Period. If Customer validly terminates the Services for cause because of Viavi's material breach of these Terms and Conditions, Customer shall be entitled to receive a proportionate credit equal to any fees applicable to the thirty (30) days immediately preceding the date of termination.
