Tell-All™

Port Wiring Indicator

The Tell-All™ port wiring indicator is an easy-to-use, task-ready handheld device that identifies telephone and data lines. It quickly identifies 10BASE-T, Token Ring, and 100BASE-Tx systems. The Tell-All also detects voltage and polarity and includes a built-in battery.

Features

- Identifies 10BASE-T, Token Ring, and 100BASE-Tx systems
- Detects voltage and polarity
- Includes battery

Applications

- Installation and maintenance of telco and network cable
- Identifies existing telephone cable
- Identifies existing network cable
