JDSU Inc

Subject: JDSU Certifier 40G Approval

Dear Mr. Gastle,

TE Connectivity is pleased to announce the approval for use of the Certifier40G NGC4500-FA effective immediately under the conditions of this letter. This approval is based upon evaluation of the Certifier40G NGC4500-FA against the network analyzer that is used in TE Connectivity Labs.

Certifier40G NGC4500-FA is approved for use in both Permanent Link and Channel certification testing with all of our Class F_A system warranties.

The following configuration of Certifier40G NGC4500-FA is required:

NGC4500-FA software version 4.8.9 or higher
Certifier40GReporter software version 4.8.2 or higher

Channel testing for Class F_A	NGC_AD_TERA_CH2 – pair of Class FA TERA channel adapters
Permanent link testing for Class F_A	NGC_AD_TERA_LKIT2 – Permanent link testing kit for TERA interface for Class F_A

We will notify our global listing of authorized installers of this approval and will update our TE Connectivity 25 Year Warranty application requirements to include the Certifier40G NGC4500-FA.

Looking forward to a continued cooperation with JDSU Inc.

Sincerely,

Albert Font PMP
Product Manager EMEA & India
